

Application form for pesticides / biocidal products

Listing for the online product search

1. Details about the applicant and product name

Applicant company:	
Date of application:	
Product name: (the product will be listed under this name with EASY-CERT services)	
Other trade names:	
Is this product already listed with a FiBL organisation?	If so, please specify the trade name:

2. The product is a...

☐ Self-manufactured product (i.e. the applicant company is the manufacturer of the product)	
☐ Trade product (i.e. the applicant company is the distributor/ retailer of the product)	The manufacturer of the product is:

3. Details of the authorisation

Registration number:	
Authorisation holder:	
The product has the following authorisation/registration:	☐ National authorisation in: (specify country)
	☐ Mutual recognition via authorisation in: (specify country)
	☐ EU authorisation (valid throughout the EU)
The product is a biocide of the group: (specify PT group)	
The active substance supplier is listed in the Article 95 list (supplier list)	☐ yes ☐ no

4. Area of application: Which category does the product belong to?

(Please specify only one category!)

☐ Products against adult stable flies (room/stable treatment)

☐ Products against fly larvae

☐ Products for use on animals (pour-on products)

☐ Traps

☐ Products against bird mites and crawling insects

☐ Repellents

☐ Storage protection products (pest control in empty storage areas)

☐ Other uses:

5. Product composition

- Please provide the **full composition** of the product **with all components** (i.e. including **co-formulants/additives**). The total percentage of all components must add up to 100%.
- A product data sheet and safety data sheet must be provided for formulated components.
- Instead of completing the table below, you can also submit an existing table from the official authorisation/registration dossier

Component name	CAS number / strain ID	Percentage (%)	Function in the product	Manufacturer / supplier	Comments / manufacturing information
		%			
		%			
		%			
		%			
		%			
		%

		%			
Total:		%	The total of the percentages must add up to 100%!		

6. Further mandatory information: Does the product or any of its components contain the following substances/materials?

	No	Yes	Further details
Preservatives, chelating agents or complexing agents; other formulation aids?	☐	☐	Please list these under point 5.
Materials that are or contain substances listed in Annex III of Regulation (EC) No 2021/383?	☐	☐	-
PFAS (per- and polyfluoroalkyl substances) which are added to the product?	☐	☐	-
Synthetic nanoparticles? (50% or more of the particles are in particle sizes between 1 nm and 100 nm)	☐	☐	-
Genetically modified organisms (GMOs) or components produced using genetically modified organisms? ¹	☐	☐	If so, please enclose the form ' Declaration of compliance with the prohibition of genetically modified organisms ' relating to the entire product.
Piperonyl butoxide (PBO)?	☐	☐	

7. Further documents that must be enclosed with the application

All documents enclosed must be labelled in such a way that their content is clearly evident from the document name (e.g. **Product_name_GMO_declaration.pdf**, **Product_name_manufacturing_process.pdf**).

☐ **Labels** including recommendations for use

☐ **Product formulation**

☐ **Description of the manufacturing process**

☐ **Safety data sheet** for the product

☐ **Technical data sheet** for the product

☐ **Safety data sheets** for formulated components / co-formulants / additives

☐ **Other documents:**

¹ Potentially genetically modified organisms such as maize, rapeseed, soya, sugar beet, sugar cane, microorganisms, fermentation products, vinasse, etc.

8. Confirmations

- ☐ I confirm that all components of the product (including co-formulants/additives) have been listed in the table in Section 4 (Product composition) or have been disclosed in full in the excerpt from the authorisation/registration dossier.
- ☐ I confirm that the product may be placed on the market in Austria and that the official requirements for this have been met.
- ☐ I undertake to notify EASY-CERT services organic inputs evaluation of any changes to the product composition and manufacturing process, as well as any changes to the status of authorisation/registration or the authorised indications.
- ☐ I confirm that all information provided in this form and the enclosed documents is correct and complete.

Despite careful processing, all information in the online product search and on the product confirmations is provided without guarantee. EASY-CERT services organic inputs evaluation excludes any liability.
